

Air vents

Air vent 12 bar with valve R³/₈

Air vent with mounting valve R³/₈, for use up to 12 bar/110 °C. Ideal design shape with regard to function and appearance (high, slim shape).

Manufactured from precision turned brass parts. Lid manufactured from high quality glass loaded engineering plastic. Screwed brass cap nut ring. Self-sealing connection thread.

Air vent, plastic version

For original equipment manufacturers we supply air vents manufactured from high quality engineering plastics. Choice of G³/₈ or G¹/₂ connection thread. Please enquire.

DG: G	PU	Part no.	Price €
Air vent G³/₈, 12 bar with valve R³/₈	25	77700	
Air vent G³/₈, 12 bar with valve R¹/₂	25	77706	
Air vent G³/₈, 12 bar without valve	25	77710	
Air vent G¹/₂ without valve	25	77752	
Air vent G¹/₂, angled version Brass pressure cast housing, nickel plated, with aquastop	10	77753	
Mounting valve R³/₈ x G³/₈	25	77720	
Mounting valve R¹/₂ x G³/₈	25	77723
